## EXECUTIVE SUMMARY

A meticulous and progressive-thinking developer with 4 years of frontend experience who accepts change and challenges. I am tumtuuous about learning new skills, and always looking for my next creative route to develop on my existing skills. Frontend development intrigues me because I'll always have the opportunity to interact with new tools and learn new skills, keeping me engaged in me career.

## WORK EXPERIENCE

FRONTEND DEVELOPER Freelancer (2019-Present)

As a frontend developer I determine the structure and design of web pages, striking a balance between both functional and aesthetic design with responsibilities of web page development, html and CSS responsive design, and web master. I used these acquired knowledge and my abilities to carry out my tasks successfully .

## EDUCATION

August 2016 - December 2020

**BSc in Computer Information Systems**

Northern Caribbean University.  
Mandeville, Manchester, Jamaica.

## SKILLS

HTML5	
CSS3	
SASS	
JAVA SCRIPT	
Figma Sketch	
Adobe Illustrator	

## OUT OF OFFICE

 Watching soccer. My family enjoys watching soccer, so this allows me to spend quality time with my them.

 Playing volleyball helps me to stay fit and healthy, while demonstrating team work and dedication.
